2 Compliance & Employee Relations

2.1 Termination Procedures

Involuntary terminations must be processed by HR. The **Immediate Exit Protocol** is triggered for gross misconduct (e.g., data theft, physical violence). Under this protocol, HR works with IT to sever all network access within 15 minutes of the termination meeting.

2.2 POSH (Prevention of Sexual Harassment)

TechNova strictly enforces a zero-tolerance POSH policy. All POSH complaints are routed directly to the **Internal Complaints Committee (ICC)**. Investigations must conclude within 90 days of the formal complaint. HR personnel handling POSH cases must maintain absolute anonymity of the complainant during the initial fact-finding phase.

2.3 HR Investigations & Grievances

For non-POSH grievances (e.g., manager bullying, payroll disputes), HR must initiate an investigation within 72 hours. HR BPs have the authority to suspend managers pending investigation if there is a credible threat to team psychological safety.

3 Recruitment & Mobility

3.1 Background Verification (BGV)

All offer letters are conditional upon clearing a BGV check conducted by our external vendor, *SecurCheck Inc.* A red flag in criminal history or falsification of education automatically rescinds the offer.

3.2 Visa & Relocation

TechNova sponsors H1B and L1 visas for L3 and above bands. Relocation allowance is capped at \$8,000 for domestic moves and \$15,000 for international moves.
